Delco Points and Condensers

**We have a new addition to our product line and it's big news.** You can now order **NEW Delco Remy points, condensers, rotors, distributor caps and tune-up kits** for your **Chevrolet** and many **other GM models** that utilized Delco Ignition Products.

There are also some **Non-GM makes** that used Delco Remy ignition products in their builds, including, **Nash, Kaiser Frazer, Packard** and even some years of **Chrysler that we can supply.**

If you are installing, or have installed **Pertonix modules** and just need the **cap and rotor** we can help you there too. When you order these parts pay particular attention to the type of Cap and Rotor for your distributor, there is a short cap that fit early year [Chevrolet 1933-1952](#) and a tall cap for the latter year [Chevrolet 1953-1961](#)

**We don't want up to get the wrong parts!**  
**If have questions or need assistance ordering, we can send you a cart link with the parts you need just give us your Make- Model- Year and we will get to work.**

**Here is the link to all the turn-up parts. [Click here](#)**
